### FLOOR PLAN OF THE WEEK | 1200 Bellevue Way

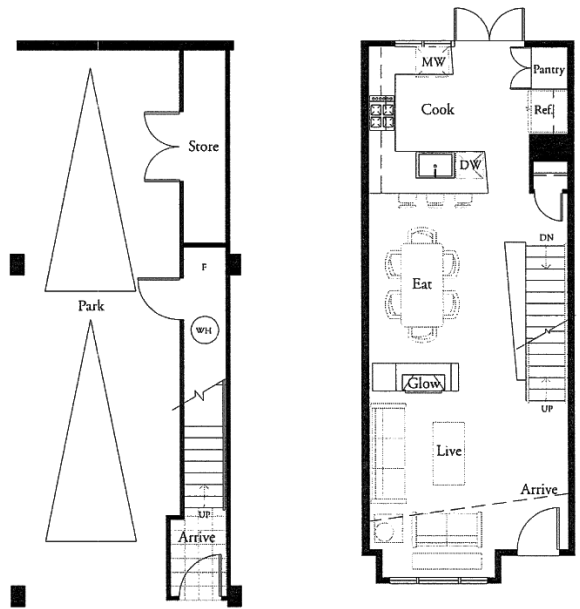

1200 Bellevue Way offers a collection of 49 timeless brick row homes. Located at the corner of 12th Avenue and Bellevue Way in downtown Bellevue, the in-city community includes a lush courtyard, underground “parkade” and all the amenities and benefits of an urban address. With classic brick exteriors and steeply pitched rooflines and gables, the 575-square-foot two-bedroom loft home enjoys a vaulted ceiling in the entry dramatically lit by a two-story window wall, a see-through gas fireplace cleverly dividing the living and dining areas and a true master suite inhabiting the entire third floor. Designer elements include hardwood flooring throughout the main living area, open tread staircases, professional grade appliances and Decolav above-counter glass sinks in the master spa. The home also features a private entrance and patio.
